

Orange Strategy

Combining influences to fuel faith in the next generation

Orange is a strategy –
it's what happens when

you combine the light
of the church and

the love of a family to
work together and

show a generation
who God is.

What if church leaders and parents synchronized their efforts to fuel wonder, discovery and passion in the next generation?

What if combining efforts can show a generation who God is more effectively than either can alone?

Join us for breakfast August 21 to understand how the **Orange Strategy** enlists **Five Essentials** to unite the church and family in a common ministry effort.
